March 16, 2020

Dear Seekonk Families and Staff,

First of all, we acknowledge these are challenging and stressful times for all. We thank you for your patience and cooperation as we navigate these uncharted waters. Click [here](#) to access information about General Questions, Student Learning, Activities & Events & Athletics, Special Education, Employment/Human Resources, and more COVID-19 Resources and Support.

As we move to incorporate more online/digital learning, many teachers are starting to work remotely to meet student needs. But for this week we are focusing on an "[Enrichment Site](#)" for structured activities, tech and non-tech related, for students to do at home. Online learning for this week is suggested, but in no way required. Educators are in somewhat of a predicament because as of last week, the Massachusetts Department of Education was not approving online learning plans. As of now, DESE is still asking individual districts to share digital resources with families as best as we can. Things are changing by the hour and as you know, there is a certain amount of information overload!

One thing I have learned over the past two years is that we have the most dedicated and professional educators here in our Seekonk Public Schools! Our teachers are doing the best they possibly can. We are also sharing with and learning from other districts. Everyone is trying their best during this unprecedented time. By next week, we will communicate more defined expectations for remote teaching and learning moving forward. As a reminder, here is a [link](#) with helpful information regarding how to talk to your children about the coronavirus.

As always, thank you for your patience and support. Please contact your child's principal with school-specific questions, or an individual teacher with teacher-specific questions. Stay healthy and please also abide by the social distancing recommendations.

Sincerely,

Rich Drolet, Ed.D.
Superintendent of Schools

The Seekonk Public Schools strives to provide a safe, respectful, and supportive learning environment in which all students can thrive and succeed in its schools. The Seekonk Public Schools prohibits discrimination on the basis of race, color, sex, age, gender identity, disability, religion, national origin, sexual orientation or homelessness and ensures that all students have equal rights of access and equal enjoyment of the opportunities, advantages, privileges, and courses of study
