

Dear Seekonk Families,

Later this afternoon we will be providing an enrichment resource website to support children during these uncertain times. Some of the activities we will be offering can be accessed on a computer. That being said, we want to make sure students have access to a device for online enrichment activities. If your child does not have access to a device, and you would like to borrow one while we are out of school, please fill out this form <http://bit.do/CBloansurvey> and you can stop by Hurley Middle School on Tuesday, March 17th and Wednesday, March 18th from 1:00 pm to 3:00 pm to pick up the device. Please access the building on the Water Lane side by the dumpster. If you have multiple children and only one device available at home, please note that you may borrow devices for each of your children in grades 3 - 12 only. The Chromebook and charger will need to be returned to the Tech Department in full working condition once we return to school.

If you do not have access to the internet please be aware, Comcast is providing access to the internet and free hotspots for the next 60 days starting today Monday, March 16th. You can get access to the free WiFi program by contacting Comcast <https://www.internetessentials.com>. If you need assistance accessing this free program please let me know and I can assist you.

Please contact me if you have any questions or concerns, [terrillc@seekonkschools.org](mailto:terrillc@seekonkschools.org).
